

"To our beloved United Methodists in Liberia"

I wish to clarify a matter of great importance. My signature recently appeared on a statement regarding Regionalization, which has led some to believe I endorse this path. However, I must correct this implication. The decision on Regionalization rightfully rests with our Annual Conference delegates.

As we approach the February 2025 Annual Conference, I urge you to engage in prayerful consideration and discussion, guided by peace and unity, regardless of the outcome. As Jesus prayed, 'I pray that you be one' (John 17:11). Let us remain united in our commitment to Christ and work together in harmony.

May God guide our deliberations.

Sincerely,  
Bishop John G. Innis
